### **Brighton Fire Code**

Mobile food preparation and operations equipped with fuel-fired, solid-fueled, or electric appliances that produce smoke or grease-laden vapors shall be conducted within an enclosed approved mobile food preparation vehicle (truck or trailer). Cooking equipment that produces grease-laden vapors shall be provided with a Type-1 kitchen exhaust hood protected by an automatic wet chemical fire extinguishing system. Exception: This does not apply to enclosed solid-fueled pizza ovens, solid-fueled grills, or solid-fueled smokers when provided an enclosed firebox and a lidded cooking surface.

All cooking operations not producing grease-laden vapors or smoke, but producing only steam are permitted to be located outside a mobile food preparation vehicle but shall be located beneath a protective canopy such as a fire-resistant tent, umbrella, or roof. Examples would be steam tables, boilers, rice makers, etc.

All mobile food preparation vehicles and operations are subject to inspection by the Brighton Area Fire Authority and Livingston County Health Department. The fire inspection shall take place at least one week prior to an event and the health inspection the day of (typically) the event. Once both inspections have been approved, operations will be permitted to commence. If either inspection fails, the vehicle shall vacate the premise until both inspections are successful.

**For food trucks/trailers - Do you serve out of the driver or passenger side of your vehicle (please circle): DRIVER SIDE PASSENGER SIDE**

**Are you planning to bring a smoker (please circle): YES NO**
